

Two Janitors Being Held In Kidnap-Killing Of Little Girl

Chicago, Jan. 9 (AP)—Police, possessing evidence they said was found in an apartment basement in which the tiny body of Suzanne Degnan was dismembered, pressed relentlessly today for a showdown in their uninterrupted 48-hour hunt for the sadistic killer.

Two janitors, both employed in apartment buildings in the north side Edgewater Beach district where the Degnan family lives, were seized for questioning in connection with the kidnaping and killing of the six year old girl.

Police Sergeant Jack Hanrahan flatly accused one of the janitors, a 65-year-old native of Belgium, of the crime:

"He's the man who did it," Hanrahan asserted after a police squad had seized him yesterday in the basement of a 12-story apartment building at 5901 Winthrop avenue, less than a block from the child's home at 5943 Kenmore avenue.

To Get "Lie" Tests

Later, nearly 12 hours after he was taken into custody, Walter Storms, chief of detectives, asserted that no charge had been placed against the janitor.

"I haven't enough to charge him with murder," Storms said. He added, however, that the two janitors were not to be released immediately. Hanrahan said the janitor seized in the Winthrop avenue apartment basement would be given polygraph "lie detector" tests today.

Unemotionally, but insistently, the 65-year-old janitor had protested his innocence through hours of interrogation by police and state's attorney's officials.

Early this morning, police went to the vicinity of the crime and seized the second janitor, whom they described as about 35 years old, also a native of Belgium and a close friend of the janitor picked up in the Winthrop avenue apartment basement yesterday.

Find Parts Of Body

It was in the basement, police disclosed, that they found blood stains and parts of the girl's internal organs in the laundry tub drain, as well as several small bones in a furnace. All parts of the child's body except the arms were found Monday night in sewers near her home. The gruesome discoveries came more than 12 hours after Suzanne had been kidnapped from her bedroom by a man who left a note demanding a \$20,000 ransom.

Also in the murder room, police said they found a hack saw which they said probably was the instrument used by the killer in dissecting the body of blonde, blue-

London, Jan. 9 (AP)—Secretary of State Byrnes said today that the United States, Russia, Britain and Canada were agreed on safeguards for atomic energy secrets under whatever control plan was devised by the United Nations Organization. Byrnes issued a statement on the atomic energy controversy within the American delegation shortly after holding a two-hour session with the delegates and said that, so far as he knew, his view on the safeguards was entirely acceptable to all of them.

Nuernberg, Germany, Jan. 9 (AP)—Evidence was presented to the international military tribunal today to show that Joachim von Ribbentrop, former Nazi foreign minister, advocated the lynching of all captured Allied flyers who participated in the bombing of German cities.

Chungking, Jan. 9 (AP)—Efforts to achieve a truce in China's civil strife failed again today and the Communist representative charged that a hitch developed because of government demands for exception of Jehol and Chahar provinces from the armistice terms. "The Communists find these demands unacceptable and cannot tolerate them as prerequisites for a cease fire order," said Gen. Chou En-Lai, Communist representative at the truce talks with a government member and General Marshall.

London, Jan. 9 (AP)—A Reuters dispatch from Bad Godesberg, Germany, said today that British security officers had arrested Gen. Nikolaus von Below, "probably the only living surviving witness of Adolf Hitler's private will."

MISS SPANGLER WEDS VETERAN THIS MORNING

Miss Pauline T. Spangler, daughter of Mr. and Mrs. Russell M. Spangler, Gettysburg R. 4, and William P. Anderson, Jr., son of W. P. Anderson, Alliquippa, Pa., were married this morning at 11 o'clock in the Trinity Evangelical and Reformed church. The Rev. Howard Schley Fox, pastor, performed the single ring ceremony in the presence of the immediate families and a few friends of the couple. White carnations and white and yellow pompons decorated the sanctuary.

The bride wore a turquoise blue crepe street-length dress and long white gloves with brown accessories, her only jewelry being a strand of pearls. Her shoulder corsage was of orchids. The couple was unattended.

Miss Jeanne A. Spangler, sister of the bride, presented 15-minute organ recital preceding the ceremony, including "Through the Years," "O Promise Me," "My Hero," "I Love You Truly" and "Traumerel." The bride and bridegroom entered the church to the traditional strains of Wagner's processional music and Mendelssohn's Wedding March was used as the recessional. "O Perfect Love" was played during the ceremony.

Reception Is Held

Immediately following the ceremony, a reception was held at the home of the bride for the immediate families, after which the couple left for a brief wedding trip with their destination unannounced.

The bride is a graduate of Gettysburg high school and Shippensburg State Teachers' college, and until recently was employed by the school district of Hanover.

The bridegroom is a graduate of Alliquippa high school and Shippensburg State Teachers' college. He taught in Alliquippa high school until his induction into the service on April 15, 1942. Recently he returned after eighteen months' service in Panama and received his honorable discharge from the army December 8, 1945.

Offers Local Property For Exclusive Use Of Veterans

A former resident of Gettysburg has offered a lot in Gettysburg for the "exclusive use of veterans" and is willing to donate "five per cent of all money contributed to erect a permanent building."

Learning of the acute housing shortage in Gettysburg through The Gettysburg Times and the immediate need of rooms to house 150 war veterans who will enroll at Gettysburg college January 29, Max Davis, of Baltimore, formerly of Gettysburg, has made the following offer:

"I was formerly a resident of your city and several years ago purchased a lot on which I intended to build a home. Since my wife passed away I wish to have this lot used as a memorial to her.

"I respectfully ask that you submit the following offer to some suitable organization in your city.

"If you can get the government or some organization to erect a temporary dormitory on this lot for the

NEW JAIL HITS SNAG; PROTEST NOT FILED YET

Adams county's new jail situation continued today to remain an item for future action—however some slight progress was reported by the county commissioners' office.

Commissioners' Clerk Clarence C. Smith said at noon today that the commissioners had not received any petitions urging that the jail be built at some other location than the one currently chosen nor have the commissioners heard from their architect on how soon the contemplated construction will begin.

That the commissioners are "still waiting word on when the building can commence" was given by Mr. Smith as the one statement that would describe the situation.

To Change Plans

Approval by the State Department of Welfare of the main plans for the new jail has been received and several minor changes to the plans which were recommended by the department of welfare are being made, Mr. Smith added. The commissioners however have not as yet received word from their architect as to whether the requested changes have been drawn and approved by the Harrisburg department.

The question of when the jail will be built remains with the architect, Mr. Smith said, as he will inform the commissioners when the materials are ready and all plans are approved.

Without having received petitions which were drawn up some time ago protesting the use of the county home farmland as the site of the new county jail the commissioners can take no action on that matter, the clerk added.

A number of petitions were circulated in Gettysburg last November protesting the proposed jail location because the site is in the area of possible expansion of the residential section in the northern part of town.

COUNTIANS ARE "THANKED" FOR BOND SUPPORT

In officially announcing the close of the last bond drive, the Victory Loan campaign, Edmund W. Thomas, chairman of the county War Finance Committee, issued the following statement:

"The Victory Bond Drive is over. The quotas set for Adams county have been met and exceeded. The total bonds bought by the people, the businesses, the farmers and fruit-growers, and the county totalled more than twice the aggregate quotas. The Series E bond quota was \$350,000. Sales have exceeded \$400,000, and we do not yet have a final report.

People Make Good

"In the beginning of these war bond drives, we said that we knew the people of Adams county would not let their boys down. They have made good on this prediction. When the final reports on the Victory Bond Drive are in, they will show that, from the first war bond drive through the eighth or Victory Drive, the total sales will reach approximately \$200,000. This is almost \$7,000,000 more than the quotas set for the county since quotas were assigned.

"The young men and the young women from the county have shown their true valor in the four years of the second world war. They deserved the support of the people at home. The people from Adams county

Barn Destroyed By Fire Monday Night

A barn on the farm of John Worley, four miles from York Springs, and two miles off the Harrisburg-Gettysburg highway, was completely destroyed by fire Monday evening at 5:30 o'clock. A public sale had been conducted on the farm Monday afternoon. The cause of the fire was not determined and no estimate of the loss was available.

The Dillsburg, Franklintown and York Springs Fire companies were summoned but all had difficulty in reaching the farm because of the bad condition of the roads. Upon their arrival the barn was beyond saving but the firemen prevented the fire from spreading to the other buildings.

The farm had formerly been owned by William Humbert.

ASSISTANCE BD. HAS VACANCY; NEW VISITOR

The retirement of a veteran of six years of service as a member of the Adams county Public Assistance Board and the employment of an additional visitor on the board's staff were announced following a meeting of the assistance board Tuesday evening.

The retiring member, J. Harry Weaver, of Littlestown, ended two consecutive three-year terms as a member of the board with the end of 1945 and under state law is ineligible for re-appointment. He is one of 65 persons in the state who are ending six-year service records with county assistance boards.

A successor for Mr. Weaver, who is a former cigar and cigar box manufacturer, will be named by Governor Martin subject to Senate confirmation.

Need Two More Visitors

Mrs. L. Stanley Whitson, formerly Dorothy Jean Dunkelberger, of Gettysburg, was elected as a visitor on the staff of the county board. Her husband, a recently discharged Army Air Force officer, is a student at the seminary here.

Mrs. Verna Myers, executive director, said that Mrs. Whitson's election leaves the staff two short of the needed staff of five visitors. Mrs. Myers gave the board reports on the current medical program for persons receiving assistance and also a yearly summary on assistance cases.

A summary of the current case load showed a net decrease of eight cases from January 1, 1945, to January 1 of this year. Old age assistance cases dropped from 459 to 450; blind pensions rose from 70 to 79; aid to dependent children, from 82 to 89, and general assistance, from 62 to 47.

The board designated Mrs. Myers to represent it at the reorganization meeting of the Adams County Welfare committee at the court house January 17 and expressed itself as being ready to cooperate with proposed plans of the welfare group.

HOLD PARTY ON JANUARY 30 FOR PARALYSIS FUND

The Adams County Chapter for Infantile Paralysis, which during the past year spent nearly \$1,000 for assistance to children in the county suffering from the dread disease, today announced plans to hold its annual Infantile Paralysis party on January 30 at the Hotel Gettysburg.

Mrs. Joseph E. Codori, York street, has again been named as chairman for the party, M. D. DeTar, president of the county chapter said. Formerly known as the president's birthday party, the affair is usually one of the largest of the year in Gettysburg and helps provide funds to combat infantile paralysis. Half of the proceeds remain in the county and the other half is sent to the National Foundation for use nationally.

Lists Expenses

Sponsor tickets will again cost \$5 or more while general admission tickets to the dance-party will cost \$2.

Fred Pfeffer, treasurer of the county chapter, said that \$916.95 was expended in the county during the year with four children receiving assistance. Of the amount \$125 was given to the Pennsylvania Crippled Children's Society for use of Camp Daddy Allen. Two cases which were closed during the year received the largest amounts—\$522 being expended in one case and \$119 in the other.

Other expenditures were for transportation and special shoes for the children. Only \$250 was spent for clerical work.

The committee started its year's work with a balance of \$3,165.12.

Telephone Strike Spreads; Many Communities Affected

Telephone operators in Gettysburg remained on the job but long distance communication with cities, where the strike is in effect, is not available out of here.

New York, Jan. 9 (AP)—Telephone installation workers in widely scattered sections of the nation left their jobs this morning in the opening moves of what may develop into a countrywide telephone shutdown by Friday.

One union claims a membership of 8,000 in 42 states. Seventeen thousand workers in the Western Electric manufacturing plant struck last Thursday.

Mrs. E. S. Lewars Leaves R. C. Post

Announcement was made today of the resignation of Mrs. Elsie Singmaster Lewars as chairman of the Adams county chapter of the Red Cross, a position she has filled with distinction for the last 20 years.

The resignation will be effective on the date of the annual meeting, now set tentatively for January 28, when a successor will be named.

Mrs. Lewars was volunteer executive secretary of the county chapter during World War I and accepted the chairmanship 20 years ago.

"I am not slipping out of Red Cross work," Mrs. Lewars said today "but I shall always continue my active interest in its services."

SOROPTIMISTS TO ENTERTAIN MEN ON FEB. 26

The board of directors of the Soroptimists club met at Hotel Eberhart Tuesday evening, followed by the monthly business meeting of the club, at which Mrs. Guyon E. Buehler, president, presided. Four women, recently elected to membership, were welcomed to their first meeting: Miss Ellen C. Beard, hospital technician; Miss Kathryn Oiler, county librarian; Mrs. Hamilton Walker, school nurse, Littlestown; and Mrs. Fred Faber, co-owner, restaurant. Another new member, Mrs. Samuel Hignbotham, co-owner, gift shop, Littlestown, was prevented by illness from being present. These five members will be installed at a formal dinner January 22. The committee in charge comprises Mrs. Frederic Griest, Mrs. David Blocher and Mrs. George Eberhart.

Mrs. Elizabeth Hennig, treasurer, reported that to date the American Federation of Soroptimist Clubs had collected more than \$12,000 for the Madam Noel fund to be used for service work in Europe. The first \$150 was sent to Holland for use of women doctors and \$100 was sent to France to be used for baby supplies.

Gift To Hospital

Mrs. Wayne Keet, civic chairman, explained the details of the Victory Clothing Collection and requested support of the members. She also stated that several members had volunteered for part time work at the county library. At her suggestion \$25 was given to the local hospital to be used for dining room supplies and this amount will be given annually.

Mrs. Harvey Refensperger, welfare chairman, reported that enough gifts and cash had been received from members to make a "pleasant Christmas for two young girls in the county." She and Mrs. Keet will represent the club at the reorganization meeting of the Adams County Welfare Society to be held on January 17.

Miss Virginia Myers, finance chairman, reported that a public card party will be held January 25. Part of the money raised will be

Two-Headed Male Babe Born Dead

Norton, Va., Jan. 9 (AP)—A two-headed male infant was delivered through a Caesarean operation performed last night at Norton General hospital on Mrs. Viola May Matthews Brickey, 25-year-old wife of a coal miner. The child was born dead.

The operation was performed by Dr. C. L. Karshbarger after Ernest Brickey, father of the child, brought his wife to the hospital.

According to physicians and Pres Atkins, editor of the coalfield Progress who saw the child, it had a dual body from the hips up, with two chests, two hearts and four arms.

Members of the Association of Communications Equipment workers in Indiana and Ohio went on strike. More than 600 left their work in New Jersey.

About 500 struck in Pennsylvania and Delaware.

For the second day New York city remained in virtual telegraphic isolation from the rest of the country as 7,000 Western Union employees stayed away from their jobs.

3 DEFENDANTS TO FACE COURT AFTER "BRAWL"

Charles and Oliver W. Kuykendall paid fines and costs of \$15.75 each on disorderly conduct charges and each posted \$500 bail on other charges for their appearance at the January term of court. They were released from jail at noon.

Two defendants arrested early Sunday morning following an alleged brawl in a downtown restaurant, pleaded guilty to disorderly conduct charges before Justice of the Peace Robert P. Snyder Tuesday afternoon; a third, facing two charges of obstructing an officer in the execution of a legal process and disorderly conduct, pleaded innocent and was released in \$1,500 bail and two others were committed to Adams county jail in default of bail and fines on assault and battery, interfering with an officer and disorderly conduct charges.

Donald R. Baker, Biglerville R. 2, and Paul McClell, Biglerville R. 1, pleaded guilty to disorderly conduct charges and paid fines of \$10 each and costs of \$5.75.

Clifford D. Chapman, Orrtanna R. D., was represented by Attorney John P. Butt, Esq., and through his attorney pleaded not guilty to two assault and battery charges and a charge of obstructing an officer and disorderly conduct. He was held for court January 28 on the first three charges and bail was fixed at \$500 each. It was furnished and he was released. Attorney Butt asked for a dismissal of the disorderly conduct charge on the testimony, and Squire Snyder reserved his decision until Saturday night.

Kuykendalls Jailed

Charles Kuykendall, whose home address was given as Gettysburg, R. 5, but who is in the army and home on furlough, was held for court on a charge of obstructing an officer. He was unable to furnish \$500 bail and was committed to jail. BOY SCOUTS TO COLLECT PAPER HERE SATURDAY

Gettysburg's Boy Scouts will be out in force to collect scrap paper Saturday afternoon and achieve the double purpose of helping fill the nation's needs for salvageable paper and the treasures of the various scout troops.

Dr. Frederick Tilberg, chairman of the scout salvage drive, today announced that all troops will participate in the campaign set for Saturday afternoon from 1 o'clock until 5.

He also urged all residents of the town to cooperate with the Scouts by placing all waste paper of all types—from tissue to heavy box containers—on the curbs in front of their houses Saturday.

To Divide Proceeds

So far three trucks, one of the Gettysburg Gas Company, the Williams coal truck and a truck of Morris Gittlin, have been secured to aid the Scouts in the drive and others are being sought. The Scouts will travel along the streets picking up all paper that has been placed on the sidewalks by the householders and place the bundles in the trucks. From there the paper will go to a salvage yard and the money paid for the material will be turned over to the Scout troops, with the amount pro rated for the number of Scouts from each troop taking part.

During the last scrap drive by the Scouts, in December, three and one-half tons of paper was secured and the campaign was completed within two hours.

The amount collected is expected to reach a new high this month with many persons accumulating great quantities of paper during the Christmas holidays. Needed

EUROPE TURNS EYES TO UNO IN DEEP DISTRESS

By DEWITT MACKENZIE (AP World Traveler)

Paris, Jan. 9.—No conclave in history has meant so much to world peace as does the meeting of the United Nations Organization assembly in London—a circumstance that is quite apparent to anyone standing here on the edge of a Europe which is struggling to avert utter chaos.

This moves one to the thought that it might have a salutary effect if the members of the assembly could come to Versailles and spend a few months in solemn contemplation of the mess made by the league of nations which was created here a quarter of a century ago. Your columnist watched the drafting of the league covenant here, and finally saw the signing of the peace treaty which brought the organization into being.

Seemed A Great Day
That was a great day for humanity—or so it seemed.

After the signatures of the conquerors and the vanquished had been affixed to the treaty in the mirrored palace, the crowd of spectators which jammed the palace gardens sent up a mighty cry for the "Big Three"—Wilson, Clemenceau and Lloyd George. These famous statesmen came to one of the balconies and acknowledged the acclaim of the people. But this didn't satisfy the throng, which insisted that the Big Three come down.

Then followed an amazing scene. The three who had dominated the framing of the peace descended to the gardens, and arm-in-arm walked across the grounds while the wildly cheering mass reached out eager hands in an effort to touch the great personalities. Frantic secret-service men strove in vain to keep the milling throng away, fearing some untoward incident.

Dangerous Situation
That demonstration symbolized the gratitude of the world for what then was believed to be the specific for peace. We thought we had outlawed war, but we hadn't come within gunshot of it.

There were various reasons for the failure of the league, but in essence it was due to the fact that a lot of member nations weren't prepared to go all-out to ensure peace. They were like the man who makes a confession of religion but at the same time has mental reservations regarding his pet sins which he isn't prepared to abandon. Selfish interests were developed in the league.

Now we are beginning a new effort to outlaw war, and the situation is far more dangerous than it was at the end of the last conflict. Both Europe and Asia are in that unhappy state of disorganization where anything could happen.

Look To UNO
The whole world is looking to the UNO. Dispatches from London make it clear that the atomic bomb is leading the agenda. Well, all nations want the atomic bomb controlled, of course, but I venture the thought that probably they fear the distrust and suspicions which have been created by the existence of the bomb more than they do the terrible explosive power itself.

The distressed countries are looking to the new United Nations Organization to dispel the suspicions and iron out the difficulties which have been retarding the rehabilitation of Europe and Asia.

You can see with half an eye that the peace organization must swing into concerted action quickly and firmly if Europe is to be saved from further calamity. A hungry, cold and ragged continent will tell you that.

HIGHER PRICES FOR MEAT AND BUTTER LOOM

By OVID A. MARTIN

Washington, Jan. 9 (AP)—Officially advanced proposals for higher butter and meat prices collided today with government efforts to hold the line on food costs.

The butter hike—18 cents a pound by May 1—was reported to have been recommended by Secretary of Agriculture Anderson. Aides of the cabinet officer said he advanced the suggestion in a move to encourage production. Butter has been becoming increasingly hard to find in many parts of the country.

Anderson previously spoke out in favor of higher ceiling prices on meats in an effort to avert next Wednesday's strike in the meat packing industry.

Surprise Demand

Behind these pressures on the government's hold-the-line policy is a demand for all kinds of food much stronger than many officials had anticipated. Agriculture department economists attribute the demand to continuing shortages of such non-food goods as autos, radios and the like.

One result of these pressures may be to force the administration to continue its \$1,785,000,000-a-year food subsidy program beyond the June 30 date it had planned to bring it to a halt. This program was inaugurated during the war to prevent increases in civilian food prices.

In announcing recently that the food subsidies would be ended June 30, the government said it believed such action could be taken without increasing the over-all cost of food, even though it might be necessary to increase ceilings on some of the presently subsidized foods. It said such increases in all likelihood would be offset by decreases in prices of unsubsidized foods.

OLD BATTLESHIP "PENNSYLVANIA" MAY BE SHRINE

Washington, Jan. 9 (AP)—The U.S.S. Pennsylvania may come to Pennsylvania to stay.

The gallant old battleship, a powerful weapon for victory in Pacific naval and amphibious warfare but not sleek or modern enough for the postwar fleet, may be preserved in her home state as a monument to the courage of Pennsylvania's fighting sailors of two wars.

The office of Senator Myers, (D-Pa.), said today he has asked Fleet Admiral Chester W. Nimitz, Chief of Naval Operations, to give the ship to Pennsylvania inasmuch as the "Pennsy" is to be decommissioned as a ship of the line and perhaps scrapped or scuttled.

The state of Pennsylvania, it was learned here, has also made representations to the navy about having the ship berthed permanently in Philadelphia but the status of the negotiations could not immediately be determined.

Won Singular Honor

Long before the time of Pearl Harbor, the Pennsylvania was an "old lady," as battleships go. But the one-time flag ship of the fleet, although damaged and burned in the Pearl Harbor attack, went on to win the only navy unit commendation awarded a battleship during the war.

She participated in one after another of the Pacific amphibious invasions and threw so much steel at the enemy her entire battery of big guns had to be replaced.

Then after going unscathed for nearly four years the Pennsylvania was hit by Japanese torpedoes at Okinawa on the last day of fighting in the Pacific. She now is at the Bremerton, Wash., navy yard, and, according to the navy, has severe structural and mechanical damage.

Navy officials told a reporter there is no present plan to scrap the ship. Otherwise, however, they said, no decision has been reached on what should be done with the Pennsylvania.

Await Settlement Of Pressman Strike

Cleveland, Jan. 9 (AP)—Federal Conciliator Thomas W. Roberson awaited a reply from publishers and striking AFL-Pressmen today to his proposal to end the five-day dispute that has halted publication of Cleveland's three daily papers.

Terms of the proposal made yesterday were not announced but Robertson said the two groups were expected to reply today.

The strike was called last Saturday over a wage demand by the Cleveland Newspaper Printing Pressmen's Union. Approximately 175 pressmen on the Plain Dealer, the News and the Press are involved.

News dealers reported local residents were buying out-of-town papers so rapidly they were unable to keep pace with the demand. One dealer said 200 persons were waiting outside his door when he opened.

Suzanne's age.

Police quoted him as saying he could not account for the bloodstains and bits of human flesh found in the laundry tub or the bones taken from the furnace.

"Maybe someone broke into the basement. I don't know anything about it," police quoted him as saying when asked to offer an explanation.

Continue Questioning
Police did not immediately announce the results of the questioning of the second janitor, but he also was held in custody. Officials said they were not ready to release them pending further investigation.

Meanwhile, nine other men seized by police in their city-wide hunt for the brutal slayer, were given so-called "lie detector" tests. All apparently cleared themselves, although one, unidentified, received a prolonged examination of two hours.

Police tracked down scores of tips as an aroused city, shocked by the brutality of the crime, sought to offer aid to law enforcement officials.

Bits of rope, wire, cloth and bone found during the day were believed to have been associated with the crime, but most eventually were eliminated.

\$11,000 In Rewards
Among persons offering information was Thomas Goldstick, a milk wagon driver, who identified the seven-foot ladder found near Suzanne's bedroom window and presumably used by the kidnaper, as the one he saw on an automobile near the Degman home last Saturday and Sunday.

Rewards totaling \$11,000 have been offered for information leading to the apprehension of the kidnapslayer. The amount includes \$5,000 offered by Mayor Kelly, who personally entered the investigation after the finding of the child's severed head Monday.

A coroner's jury was summoned today for an inquest into the child's death. Funeral services for the victim of one of the city's most heinous crimes will be held Friday morning in St. Gertrude's Catholic church. Survivors include her parents and a 10 year old sister, Elizabeth.

MAROONS ROUT CARLISLE FIVE BY 57-39 SCORE

The Gettysburg high school cagers captured their fourth victory in five starts Tuesday evening by smothering Carlisle 57-39 in a game played at Carlisle.

Excepting for the first minute of play, the Maroons were out in front the whole way and were never in serious trouble.

Shortly after the opening whistle Burkholder looped a short toss for Carlisle but a pair of fouls by Rasmussen and a goal by Hess sent the Forney-men ahead and they were never headed. At the end of the first period Gettysburg led 10-5.

The Maroon attack began to click in the second period and at half time Gettysburg increased its lead to 27-16.

Scoring Spree

In the third period Coach Forney's lads showed to their best advantage and poured 11 field goals through the basket and one foul to put them in front 50-27 at the end of three periods.

Carlisle took advantage of the presence of a flock of Maroon reserves to outscore the locals in the final period. Blosser, Carlisle guard, who was the high scorer for the evening with 19 points, landed 11 tallies in the final round, several of his goals coming on long tosses.

Scrubs Bow

Nickelson's goal tossing proved too much for the Maroon reserves who dropped the preliminary game 27-17. Nickelson landed seven goals for the winners while Fair accounted for nine tallies for the Ridgemen.

On Friday the Maroons open their South Penn league season by engaging the defending champion, Chambersburg, on the latter's court.

Ike Looks Good Against Smith

Trenton, N. J., Jan. 9 (AP)—If Ike Williams, National Boxing association champ, does as well when he gets around to defending his title as he did last night in whaling Charlie Smith of Newark in a non-title go, he will be a good bet to hang on to the crown.

The Trenton negro was very good in beating the hard-trying young New Yorker and at the end of the ten-round bout looked as though he could go another ten without difficulty.

Smith, on the other hand, was bleeding from the nose and mouth and appeared ready to call it a night. Each man weighed 137.

Mikan Is Ousted From First Place

New York, Jan. 9 (AP)—DePaul's George Mikan has fallen out of first place in the National collegiate individual basketball scoring race.

The weekly Associated Press tabulation showed today that Bill Hall, of Marshall (W. Va.) college, has passed the DePaul star, 243 points to 237. It is the first time Mikan has been ousted from the top rung since the season started.

Giants Count On Hubbell, Farms

New York, Jan. 9 (AP)—While the Giants still are flashing a heavy bankroll around the National league in order to field a contender this year, the business of dishing out \$175,000 chunks isn't going to become habit-forming with President Horace Stoneham.

Their bankroll floated from a million-plus home turnstile count with a fifth place club last season, the Giants definitely are in the market to buy up talent—but for 1946 only. From then on the Gothamites are counting on a growing farm system—to be headed again by Carl Hubbell for the next five years—to raise a crop of ball players that will keep them high in the loop.

Hubbell, who left-handed the league dizzy in his 16 years with the Polo Grounds, signed on yesterday to direct the club's 11-team chain for another five years.

DELONE QUINTET DEFEATED 32-28

Delone Catholic high gave a highly-favored Harrisburg Catholic quintet a stiff argument Tuesday evening at McSherrystown before bowing 32-28.

When the last period began Harrisburg Catholic held a 24 to 16 lead but in the last four minutes of play Delone reduced the margin to 28 to 26. Blazina scored a field goal for Harrisburg Catholic high, but Hemler came back with a two-point shot for Delone. Blazina then marked up another field goal to end the scoring.

Blazina led the players of both teams in scoring, getting 21 points and he turned in all of the winners' points in the last period.

The Harrisburg Catholic high reserves gained a 30 to 15 victory over the Delone reserves.

Sports Roundup

B. HUGH FULLERTON, Jr.

New York, Jan. 9 (AP)—Doug Mills, Illinois basketball coach, and Joe Lapchick of St. John's (Brooklyn) are currently engaged—in a picture magazine—in a debate whether college basketball should be played in college gyms or big arenas.

The main point of dispute still is gambling. . . . This corner's only comment is a remark we recently heard from a Lexington, Ky., resident: "Kentucky needs a bigger field house. There's hardly room now for the students and the bookies."

Benny Friedman, the famed Michigan forward passer, has been granted a franchise as distributor of civilian "jeeps." Presumably his sales slogan will be: "We can pass anything."

BINGO!

Three former business managers of the Binghamton, N. Y., Triplets who recently have taken new jobs seem to have done all right.

Roy Hamey became president of the American Association, Ray Kennedy moved up from Newark to become general manager of the Pittsburgh Pirates and Gene Martin was appointed the Yanks' supervisor of player development in the east.

Big Warren Team Wins Its 10th Game

Warren, Pa., Jan. 9 (AP)—The towering Warren high school basketball team—the shortest man on the regular squad is six feet—won its tenth consecutive game when it downed Kane high last night, 33 to 29.

Jack Eaton, a center who stands six feet five, topped Warren's scoring with 16 points.

Warren high will begin its league games Friday night at Oil City.

WANT ZONE FINALS

Philadelphia, Jan. 9 (AP)—The Philadelphia Tennis Association hopes to bring the Davis cup inter-zone finals to the Quaker city this year, says President A. L. Burtis.

The group at its 31st annual meeting last night urged the Middle States Lawn Tennis Association to support the move.

No mosquito, ant, fly, silverfish, cockroach, moth, carpet beetle, bed bug, or flea can survive DDT, the new lethal chemical.

COLLEGE RISKS WINNING STREAK AT WESTERN MD.

Philadelphia, Jan. 9 (AP)—Twenty-two Keystone state collegiate basketball quintets, exclusive of teachers' college teams, square off at the center jump tonight in the season's heaviest mid-week court action.

Sixteen of the schools are involved in strictly intra-state frays, while the remaining six engage formidable inter-sectional foes.

Gettysburg, only undefeated quintet in the state with three straight, puts its record in sharp-shooting range of a hosting Western Maryland five.

In other inter-sectional games, St. Joseph's college of Philadelphia entertains Catholic university; Haverford journeys to Delaware university's home court; Swarthmore goes to West Point to help Army open its season; the University of Pennsylvania plays a highly-touted Valley Forge hospital quintet at Phoenixville, and La Salle invades the balliwick of Lakehurst, (N. J.), Naval Air Station.

The top all-state contest pits the Temple university Owls against Penn State at State College. Temple still in the running for national court honors—defeated only by Oklahoma A. and M. and Tennessee and sporting five wins—is not expected to find the Nittany Lions on the basketball.

Dickinson entertains Juniata; Villanova hosts Bucknell; Scranton plays at Lafayette; Carnegie Tech invades the University of Pittsburgh court; Muhlenberg journeys to Franklin and Marshall; Grove City is at Washington and Jefferson, and Ursinus is home to Pennsylvania Military college.

Tomorrow, Villanova journeys to Boston for a meeting with Boston college.

LITTLESTOWN BOYS TRIUMPH

For the first time in 11 years the Littlestown high school boys defeated Arendtsville on the court when the Thunderbolts took a 31-19 decision Tuesday evening at Littlestown.

Littlestown led the whole way, at half time holding an 11-9 margin. A well-balanced attack enabled Littlestown to gradually pull away in the last two periods.

Bill Whiteley's Arendtsville girls maintained their winning stride by winning the preliminary game easily 29-19. Diveley was outstanding for the winners.

Littlestown journeys to Westminster Friday evening.

WHERE MEN ARE MEN

Anchorage, Alaska, Jan. 9 (AP)—Note to the ladies: The men are still rough and tough in Alaska. They're tough that there will be open season on beardless males between Feb. 27 and Mar. 2, when any man caught in Anchorage without a beard will be charged with indecent exposure.

So proclaimed the mayor when he announced the dates for the city's fur rendezvous. A "whisker-and-go" court will try defendants.

Just Folks

By EDGAR A. GUEST

BACK-SLIDER
Gone those resolutions splendid—
Broken, never to be mended!

Seems as lightly as I make them
Just as easily I break them.

When I pledge more patient smiling
No one's near my temper riling.

When I promise to do better
I'm caught up with every letter.

When I'm in the mood to chatter,
To resolve's an easy matter.

There's a simple explanation:
When I vow there's no temptation.

Flaws in me grow wide and wider,
Guess I'm just an old back-slither.

Today's Talk

By GEORGE MATTHEW ADAMS

THIS NEW YEAR

This new year upon which we have now entered may prove to be one of the most crucial as well as one of the most decisive in all human history. The great war is over—but peace has not yet blanketed the world.

War has had its victories—but the victories of peace are yet to be won. And her greatest victories must be of the spirit—men's minds and hearts tuned to the welfare of all—nationalities, all creeds, and all conditions of men.

I don't see how any of us can shirk our responsibility in the making of a better world, no matter how humble our station in life may be. Courage, faith, tolerance, must be a part of the make-up of us all. The more strife we encourage, or aid, the worse for all the world. Others is a big word, but far reaching in its application. We are not only our own keeper, but the keeper of many.

Here in this Western Hemisphere we are the most favored people in all the world. We cannot afford to set ourselves up as isolated from those in the other parts of the world, where war and misfortune have left nothing but desolation, despair and a dissolution of the fundamental elements of hope and happiness.

With the return of millions of our boys, who have, for so long, under fearful conditions, fought so bravely for the things which we all hold so dear and essential to happiness, sacrificial adjustments must be made, but they should be made willingly and gladly. These boys must be cared for, and every opportunity opened to them. How glad we are that they are with us again, and how deeply we honor those who gave their all for the victory that they earned.

It's a new year. Let us make it the best year in every way that we know—for others. We always feel so much happier when others are made happy by some act of ours. That is the way we earn happiness. That is the way we become enriched within.

Tomorrow Mr. Adams will talk on the subject: "One and the Same."

TWENTY-FIVE YEARS AGO

Miss Myrna Comfort Bride of Edwin A. Roberts: The home of Mr. and Mrs. Arthur Roberts, of Cherrydale Farm, near Arendtsville, was the scene of a pretty wedding New Year's day at 2 o'clock when Miss Myrna Marguerite Comfort, daughter of Mrs. Mary Comfort, of Cash-town, became the bride of their son, Edwin Arthur Roberts.

The ring ceremony was performed by Rev. D. B. Lady, D.D., assisted by the Rev. T. C. Hesson.

Production Manager: H. M. Lippy, of Hagerstown, has accepted the position of production manager at the Reaser furniture factory.

Wed in Parsonage: A quiet wedding was solemnized at the St. James Lutheran parsonage Wednesday morning at 8 o'clock when Miss Margaret L. Aughinbaugh, eldest daughter of John R. Aughinbaugh, of Gettysburg, was united in marriage to Dewey A. Orner, youngest son of Mr. and Mrs. Simon S. Orner, of Butler township, by Rev. G. B. Baker.

Mr. Orner is employed at the warehouse of C. M. Wolf.

Will Live in Montana: Announcement has been made of the marriage of Miss Hagar Luella Wenschhof, of Gettysburg to P. W. Edwards, of Montana. They were married in Lancaster on Sunday by Rev. D. D. Glass, pastor of the Faith Reformed church. Mrs. Edwards is a daughter of Mr. and Mrs. C. H. Wenschhof, of near town. Mr. and Mrs. Edwards will make their home in Montana.

Wedded Unknown to Their Parents: Unknown to their parents and most intimate friends, Miss Martha Madelle Bowling, who lives between Gettysburg and Fairfield, and John LeRoy Kane, a resident of near Arendtsville, were married in Shamokin on Christmas day. News of the wedding was kept secret until Thursday.

Christmas morning at 7 o'clock in St. Joseph's church at Shamokin, Father W. F. Boyle performed the ceremony at a high mass.

Henry Bream Captain for 1921: At the conclusion of his speech at the football banquet in the Eagle Hotel Thursday night, Captain Victor Emanuel announced to the assembled players and fans that Henry Bream, of Gettysburg, had been elected leader of the 1921 eleven. This announcement provoked the wildest scene of enthusiasm displayed during the entire evening.

Playground May Not Be Opened: Plans for maintaining the Kurtz Playground was a problem considered by the members of the Gettysburg Chamber of Commerce Friday evening. Discussion as to what should be done with the playground was precipitated when Rev. Paul R. Pontius reported the association in charge of directing this project was approximately \$1,000 in debt from the last season and that William B. Kurtz, the donor of the playground, was considering closing it during the summer.

Reading Banquet: The Veteran Employees Association of the Philadelphia and Reading Railroad will hold its thirteenth annual banquet in Scottish Rite Hall, Philadelphia, on the evening of January 22.

D. M. Stouffer, Samuel Cox, M. A. Garvin, Samuel Weiser and several other Gettysburg Philadelphia and Reading employees are eligible to attend the banquet.

Had Hand Mangled: William Abel, Jr., who has been employed by the York Safe and Lock Company, is suffering from a mangled right hand. The accident happened while Mr. Abel was operating a jointer in the York plant. The tip of the index finger was amputated at the York hospital.

New System of Doing Business: Gettysburg business men will have the opportunity of learning about the Golden Rule in merchandising next Tuesday when G. R. Lowe, of Neosho, Missouri, comes here under the auspices of the Chamber of Commerce to tell of his new business plan that has been sweeping the middle west.

Cigar Factory Opens Monday: That the industrial slump as far as Gettysburg is concerned has passed is substantiated by the announcement of officials of the Seidenberg Branch of the American Cigar Company which says the factory on Carlisle street will open Monday morning. By Wednesday, it is stated, the plant will be operating at full capacity.

There will be no deduction in wages and there is every prospect for a long period of full-time work. Employment will be given to about eighty men and women.

Elegant shoes at greatly reduced prices—Eckert's.

Personals: Mr. and Mrs. A. L. Carbaugh, of Cashtown announce the birth of a son.

Mr. and Mrs. Curtis Sheads, who were married in Harrisburg Saturday morning, January 1, have returned to Gettysburg.

UTILITY STRIKE WOULD DISRUPT PENNA. SERVICE

New York, Jan. 9 (AP)—Pennsylvania today faces the possibility of a CIO Utility workers strike that may disrupt part of the electric power and light, water and gas service in the Keystone State, says Union President Joseph E. Fisher.

The Utility Workers Union of America (CIO), through its regional director, Reginald Brown, has notified the National Labor Relations Board of its intention to strike in 20 days, Fisher said.

Reason for the strike, he asserted, was prompted by what the union called interference by the Pennsylvania Power and Light company in a recent NLRB election in which employees chose a rival union—Employees Independent Association—as bargaining agent.

Extent Uncertain
The Pennsylvania Power and Light company provides electricity to 28 counties in the Eastern part of the state.

Company officials at Allentown, Pa. had no comment.

A spokesman for the Brotherhood of Electrical Workers of America (AFL) asserted last night at Johnstown, Pa., that his union would not be affected by the CIO walkout. The spokesman said members of his union work for the Pennsylvania Electric company which supplies power to 17 western-central counties.

Whether the other 22 of the Keystone State's 67 counties would be affected by the Utility Workers threatened strike was not immediately known.

34 Locals Involved

Fisher released the text of a telegram sent to the NLRB, the National War Labor Board and Secretary of Labor Lewis B. Schwellenbach. It said:

"Please be advised that this communication shall serve as official notice on behalf of local unions affiliated with the Utility Workers Union of America (CIO), listed hereon, of their desire to invoke the War Labor Disputes act and file notice of their intent to strike 30 days from this date because of interference by the management of the Pennsylvania Power and Light company in the recently conducted National Labor Relations Board election.

"Objections to the election referred to have been filed with the regional director of the NLRB in Philadelphia."

The telegram listed 34 locals involved, Fisher said.

Pa. Reconversion Virtually Complete

Philadelphia, Jan. 9 (AP)—Industrial reconversion in Pennsylvania has been virtually completed "and higher levels of employment may be expected as soon as adequate supplies of labor and material become available," the Federal Reserve Bank of Philadelphia said today in a year-end report.

Reviewing the over-all situation, the report said that by last October employment in the state's industries had declined by more than 400,000 from the war maximum of 1,594,000 but that in November "employment turned upward," with manufacturing plants employing 1,200,000 or 23 per cent above the 1939 level.

"The great variety of industrial establishments accounts in large part for the ease of transition from war to a peacetime economy," in Pennsylvania, the report stated.

Truman Approves Moscow Agreements

Washington, Jan. 9 (AP)—President Truman Tuesday expressed complete satisfaction with the atomic energy and other agreements reached at Moscow by the foreign ministers of the United States, Russia and Great Britain.

The President also told a news conference that the agreements providing for recognition of the Romanian, Polish and Yugoslav governments were conditional and that he would have the final say.

Mr. Truman, meeting the press for the first time since the Christmas holidays, told questioners that he had no information to indicate the Russians had developed an atomic bomb.

Mr. and Mrs. Jacob Myers, Philadelphia, were recent guests of Mr. and Mrs. Arthur Roth, York street.

Acquaintance With Insects
Insects are man's greatest competitors in the struggle for existence.

They destroy his food and fiber crops and ravage the materials from which he constructs his shelter. Some of them actually feed on man himself. They kill his domesticated animals and fowl and carry diseases to threaten all forms of life. Entomologists believe insects have caused more human deaths than all the wars man has ever waged. But among their numerous hordes are many friendly and helpful insects, such as the honeybee, silkworm and several species which wage war on destructive species. And even many of the enemy insects are necessary to carry pollen among plants and to serve in other roles which Nature sets for her children.

Yet, as important a part as insects play in man's affairs, little is known about their habits. They team around us and we remain blind to knowledge of them. In fact, few persons can identify more than a few of the 700,000 kinds of insects known and named which live on the earth. In three articles to appear here at weekly intervals, the editor is going to explain simple methods by which we may more easily identify common insects and understand their somewhat difficult scientific names.

The first question must be—What is an insect and how does it differ from other forms of life?

Insects are creatures which in their adult stage of development have their skeletons on the outside of their bodies. They have three definite body parts—head, thorax and abdomen, also three pairs of legs and only one pair of antennae (feelers). Most of them are equipped with compound eyes and either one or two pairs of wings. It is important to remember these structural parts in order to distinguish among the various kinds.

Insects are separated into orders, families, genera and species. To simplify these divisions, let us compare them with an imaginary man whom we shall call John Smith.

First, John is a white man—to distinguish him from red men, yellow men and black men. This is his race. Next, he is an American—to distinguish him from Germans, Russians, Chinese, Greeks and Italians. This is his nationality.

Then he is a Smith—to distinguish him from the Browns, Joneses and other families. And last, he is John. To set him apart from other Smiths.

But the scientific names of insects

BRANCH SCHOOL PLAN PROPOSED

Harrisburg, Jan. 9 (AP)—Recommendations for opening of college branches by existing institutions or by the government were advanced today by veterans' organizations to alleviate a bottleneck in higher education for ex-G.I.'s.

State Commander James P. Murray said the American Legion Departmental Policy Committee will ask state and federal authorities "to utilize establishments created during the war period, adequately

are even more enlightening than the names of human beings. Their name may indicate which kinds of plants they prefer to feed on or it may describe some identifying part of its body. Too, the scientific name is international—it means the same in all languages.

For example, the scientific name of the well known Colorado potato beetle is *Leptinotarsa decemlineata*. "Leptos" means thin, and "tarsus" or "tarsus" means leg or part of the leg. "Deca" means 10 and "linea" lines. Thus, the Colorado beetle is an insect with slender legs and 10 lines on its back. With this descriptive name there is no danger of confusing *Leptinotarsa decemlineata* with any other insect likely to be found on the potato plant.

Next week's article will outline the eight chief orders of "insects" of insects common to this region. An unabridged school dictionary will prove helpful in following these simple studies of man's most numerous foes and friends. In the meantime the editor will be glad to answer all related questions.

staffed and conveniently located, to alleviate this educational emergency." He cited abandoned army installations, or state teachers' colleges, as examples of possible sites.

C. A. Gnaou, state adjutant of the Veterans of Foreign Wars, said State President Nelson W. McCloskey, of York, had proposed that schools make use of such facilities as abandoned academies to accommodate the overflow.

Views With Concern
The Legion's policy committee said in a statement that it "views with much concern the recent statements of college heads that their institutions are closed to the enrollment of additional servicemen."

Lack of classroom accommodations, or of housing, or both, have been cited as reasons for clamping down on new admissions.

Gnaou commented to a reporter that "it's not the fault of the colleges. The G.I. Bill of Rights looks fine on paper," but the sudden influx of discharges and the desire of thousands of ex-servicemen to take advantage of its educational benefits has thrown a burden on institutions of higher learning that will carry along for two or three years.

A "Look at the Books" OR "A Finger in the Pie"?

Which is the UAW-CIO really after? Is it seeking facts—or new economic power? Does it want to know things—or run things?

These questions concern you as well as General Motors.

For years the facts about General Motors have been made public.

In spite of this, the UAW-CIO demands a chance to look at our books, with the hint that we could meet Union demands "if the truth were really known."

We have firmly declined to recognize this as a basis for bargaining:

1. The Full Facts are Published

How much General Motors takes in each year—how much it pays employees—how much it pays to stockholders—how much it pays in taxes—how much net profit we make—and many other facts are plainly stated in annual reports and quarterly reports.

These are broadcast to 425,000 stockholders from coast to coast—sent to newspapers and libraries. Additional copies are free for the asking.

2. All Figures are Thoroughly Checked

Every General Motors annual statement is audited by outside auditors. Similar figures are filed with the Securities & Exchange Commission.

Does the UAW-CIO honestly believe that General Motors would or could deceive these experts?

3. Basis of Collective Bargaining is Defined

The Wagner Act lays down the rules for collective bargaining. These cover such areas as rates of pay, hours of work, working conditions.

No mention is made of earnings, prices, sales volume, taxes and the like. These are recognized as the problems of management.

4. Something New has been Added

The obvious fact is that the UAW-CIO has gone beyond its rights under the law—and is reaching not for information but for new power—not for a look at past figures, but for the power to sit in on forecasting and planning the future.

A "look at the books" is a clever catch phrase intended as an opening wedge whereby Unions hope to pry their way into the whole field of management.

It leads surely to the day when Union bosses, under threat of strike, will demand the right to tell what we can make, when we can make it, where we can make it, and how much we must charge you—all with an eye on what labor can take out of the business, rather than on the value that goes into the product.

5. This Threatens All Business

If the Union can do this in the case of General Motors, it can do it to every business in this land of ours.

Is this just imagination? Union spokesmen have said, "The Union has stated time after time that this issue is bigger than just an ordinary wage argument, that it is bigger than the Corporation and bigger than the Union."

For Labor Unions to use the monopolistic power of their vast membership to extend the scope of wage negotiations to include more than wages, hours and working conditions is the first step toward handing the management of business over to the Union bosses.

We therefore reject the idea of a "look at the books" not because we have anything to hide but because the idea itself hides a threat to GM, to all business, and to you, the public.
